KITE BASE

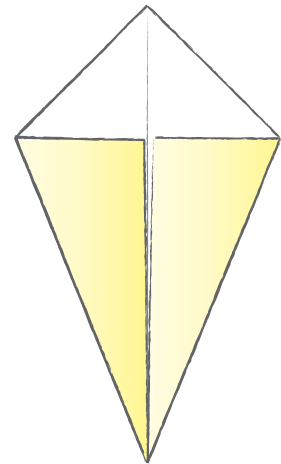

Traditional

1 Fold in half, left to right. Unfold.

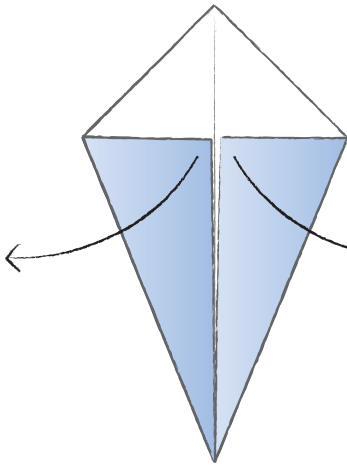

2 Fold both sides to the center, forming a point at the bottom.

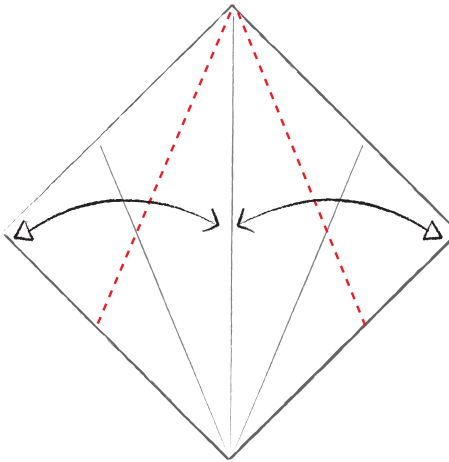

Finished Kite Base!

FISH BASE

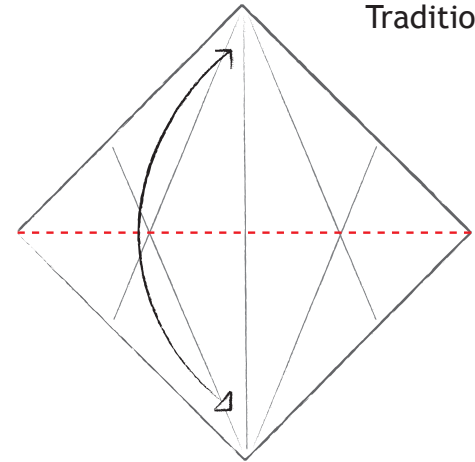

Traditional

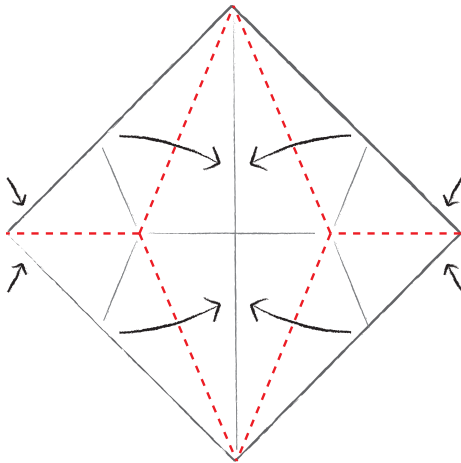

1 Start with the Kite Base. Unfold.

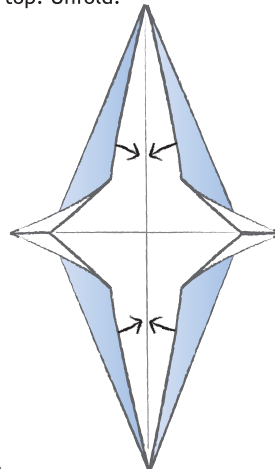

2 Fold both sides to the center, forming a point at the top. Unfold.

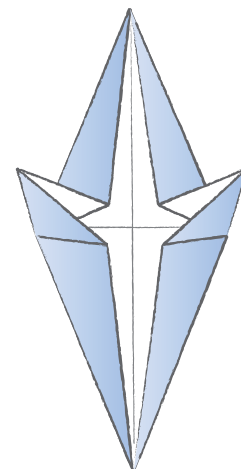

3 Fold in half, bottom to top. Unfold.

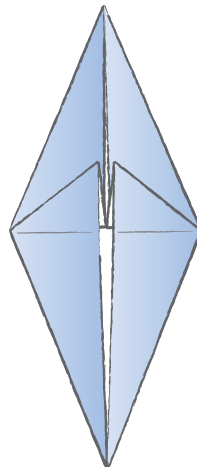

4a Pinch the left and right sides and collapse to the center along the diagonal fold lines. Fold the flaps up.

4b

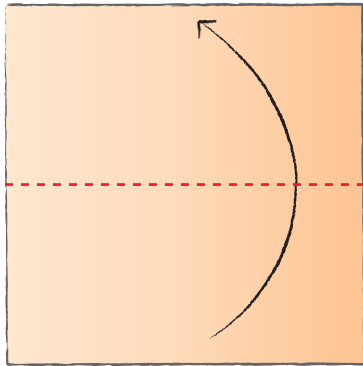

4c

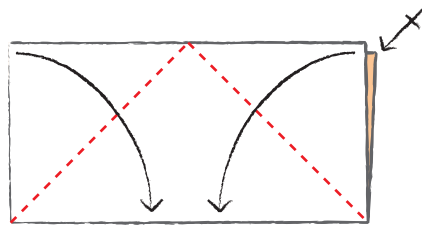

Finished Fish Base!

BLINTZ BASE

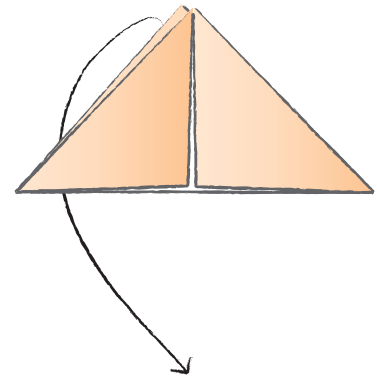

Traditional

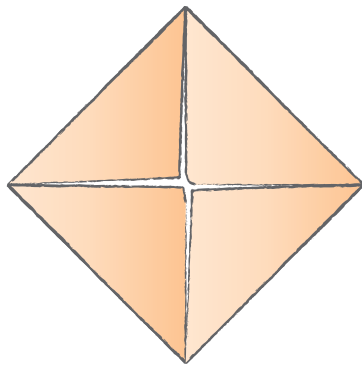

1 Fold in half.

2 Fold down both corners.
Repeat on other side.

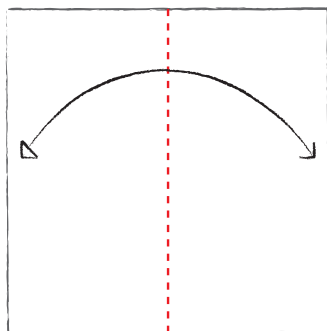

3 Open from the back.

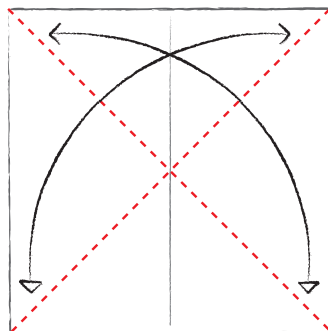

Finished Blintz Base!

PIG BASE

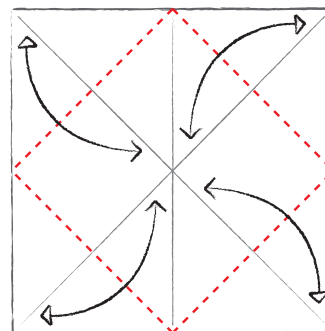

Traditional

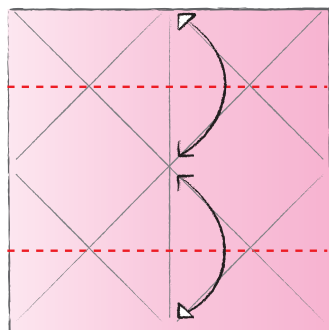

1 Fold in half, left to right. Unfold.

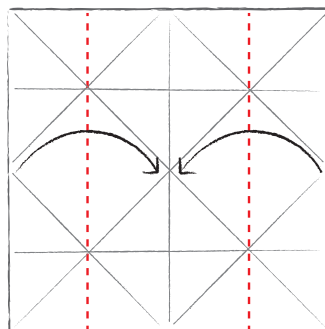

2 Fold in half, corner to corner, in the both directions. Unfold.

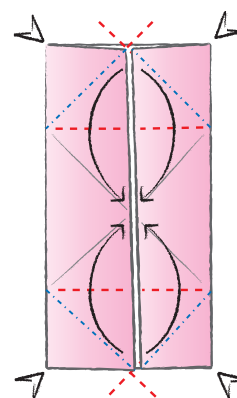

3 Fold all 4 corners to the center. Unfold. Flip over.

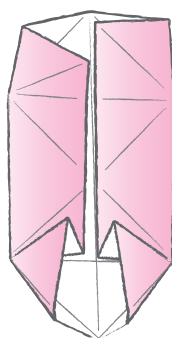

4 Fold the top and bottom to the center. Unfold. Flip over

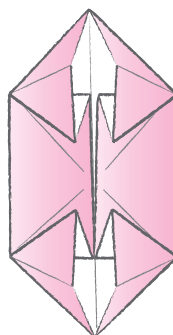

5 Fold both sides to the center.

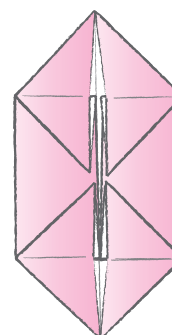

6a Push in on all 4 corners until the flaps meet at the center.

6b

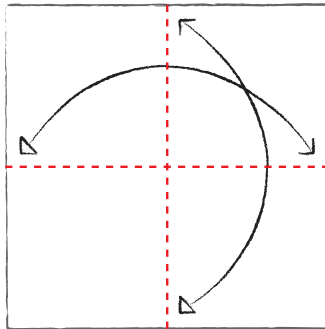

6c

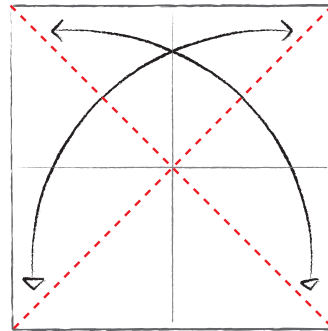

Finished Pig Base

WINDMILL BASE

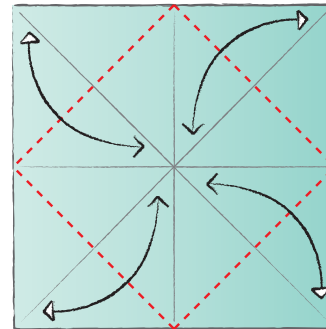

Traditional

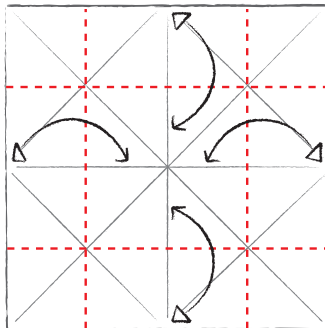

1 Fold in half, edge to edge, in both directions. Unfold

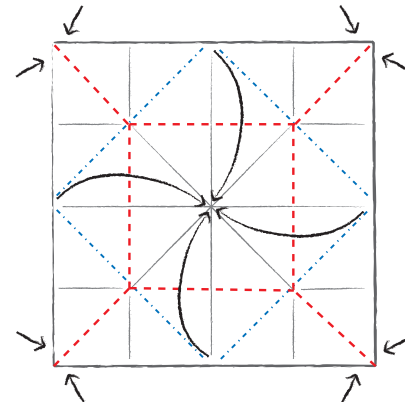

2 Fold in half, corner to corner, in both directions. Unfold. Flip Over.

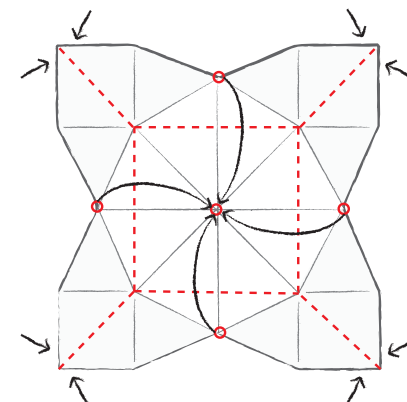

3 Fold all 4 corners to the center. Unfold.

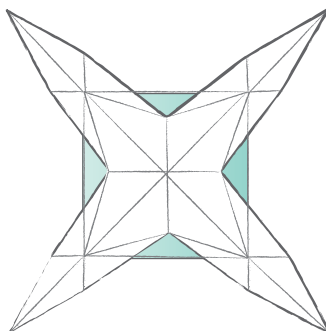

4 Fold all 4 edges to the center. Unfold.

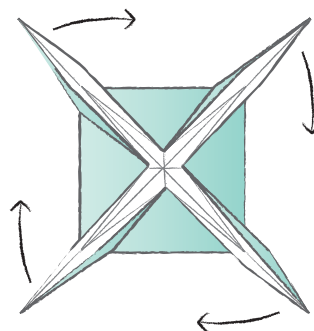

5a Pinch all 4 corners while collapsing the edges to the center.

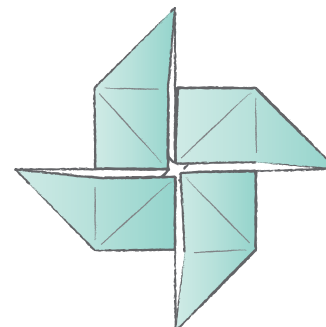

5b

5c

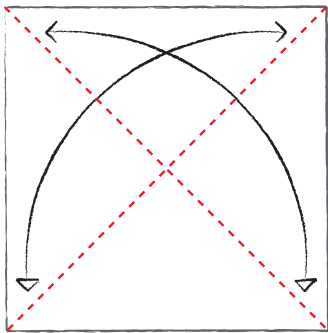

6 Fold the flaps to the left.

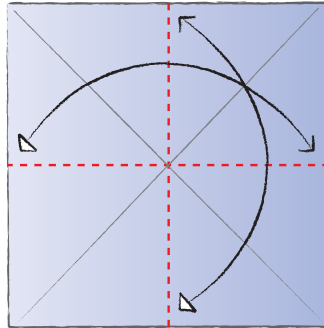

Finished Windmill Base!

WATER BOMB BASE

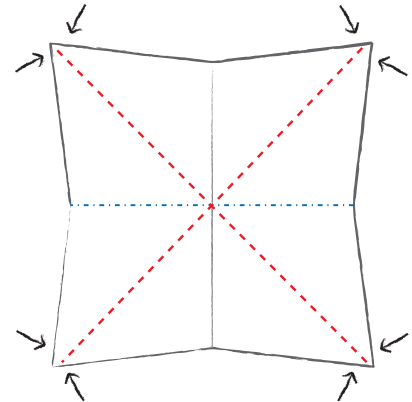

Traditional

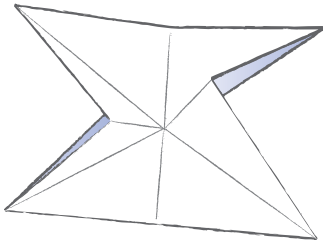

1 Fold in half, corner to corner, in both directions. Unfold. Flip over.

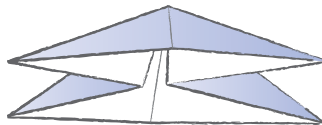

2 Fold in half, edge to edge, in both directions. Unfold. Flip over.

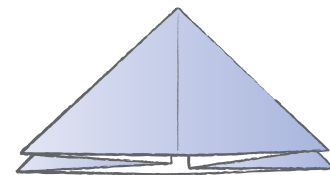

3a Pinch all 4 corners and collapse along the fold lines.

3b

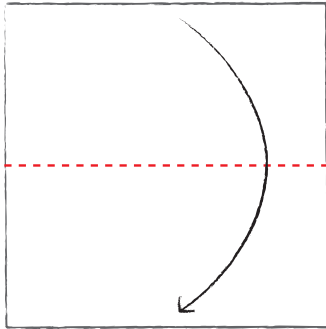

3c

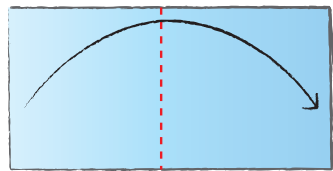

Finished Waterbomb Base!

PRELIMINARY BASE

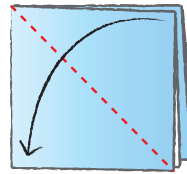

Traditional

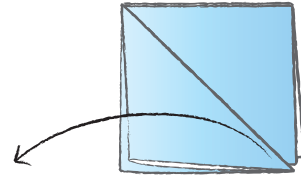

1 Fold in half, top to bottom.

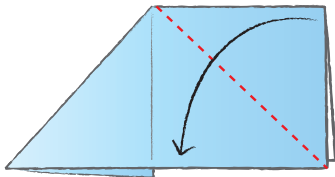

2 Fold in half, left to right.

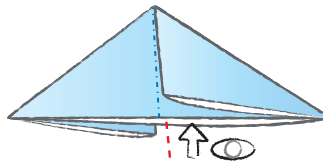

3 On the front layer, fold the top right corner down.

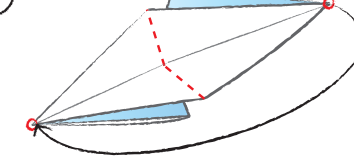

4 Open the front lap to the left (keep the triangle folded).

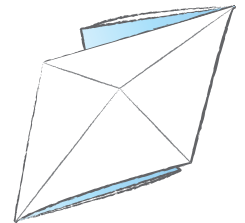

5 Fold the top right corner down.

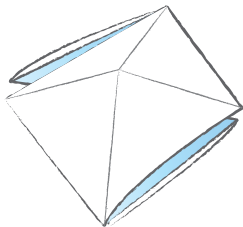

6a Open the pocket at the bottom and then collapse so that the left and right sides meet.

6b

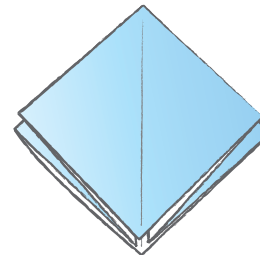

6c

6d

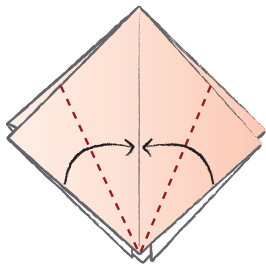

Note: Make sure to open up the big pocket and not the pocket of one of the triangles. Your result should be a square with 4 points on the bottom.

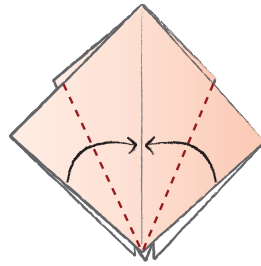

Finished Preliminary Base!

BIRD BASE

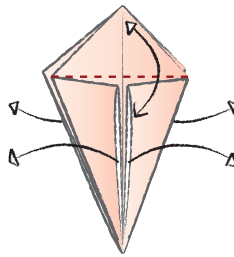

Traditional

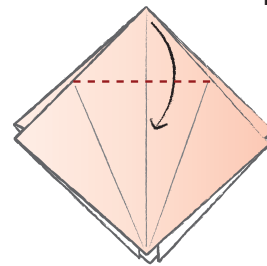

1 Start with the Preliminary Base, closed corner at the top. On the front layer, fold both sides to the center, forming a point at the bottom.

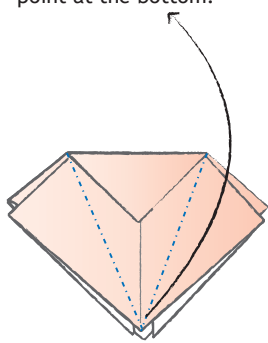

2 Repeat on the other side.

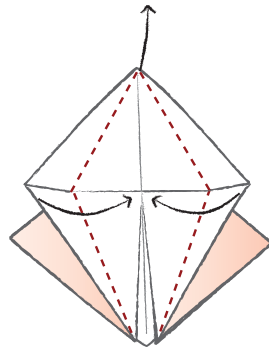

3 Fold the top down, unfold back to the Preliminary base.

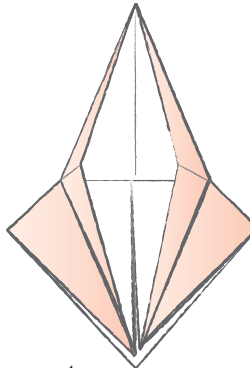

4 Fold the top down along the existing crease.

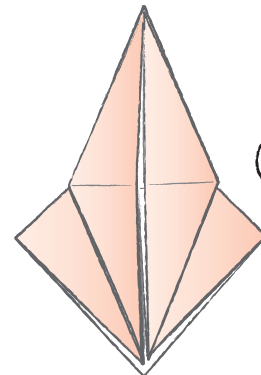

4a Open the front layer, bringing the bottom corner upward while holding down the other layers. Collapse along the fold lines. Flip over.

4b

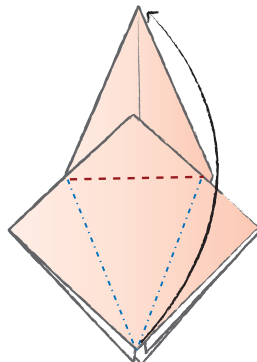

4c

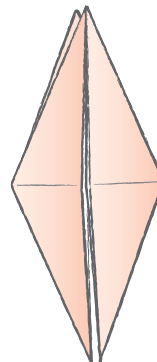

4d

Note: Keep the top triangle folded during the early part of this step. It helps reverse the folds on the front layer, and the sides will start to collapse toward the center.

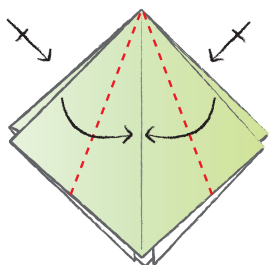

5 Fold the top triangle down along the existing crease. Repeat step 4.

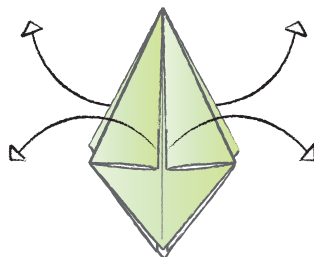

Finished Bird Base!

FROG BASE

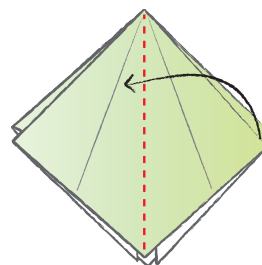

Traditional

1 Start with the Preliminary Base. On the front layer, fold both sides to the center, forming a point at the top. Repeat on the other side.

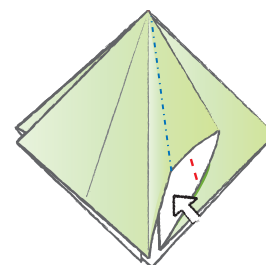

2 Unfold back to the Preliminary Base.

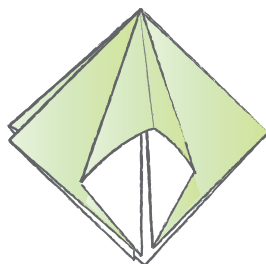

3 On the front layer, fold the right side upward until it is perpendicular to the base.

Note: The model will momentarily be 3D until you finish step 4.

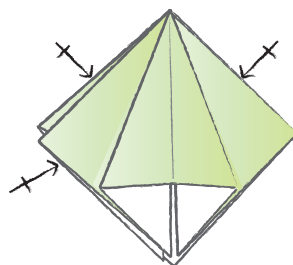

4a Open the pocket of the perpendicular piece and squash fold using the existing fold lines.

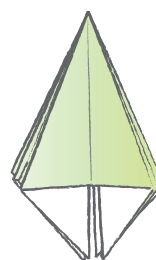

Note: You will need to reserve one crease to squash fold in this step.

4b

5 Repeat steps 3 and 4 on the remaining 3 flaps.

Finished Frog Base!
